Prince George's Bank and Trust Co.

OF ITTATISVILLE

T. Howard Duckett, President

Extends to you greetings and a welcome and invites you to make this bank your depository while at the University.

Do not keep money in your room — pay your bills by check.

This prevents loss, robbery, extravagance and disputes.

The facilities of this bank are at your command.

FOREWORD

You freshmen in entering the University are setting sail upon one of the vital phases of your career. Your college work and activity will often determine the nature of achievements that will come in later years.

We, the editors of the "M" Book, hope that you will profit from your association with the University, as well as obtain the utmost from your four year stay here.

To you the transition from preparatory school to college may seem difficult, but if you will remember a few simple rules your adjustment to university life will be greatly facilitated.

First and foremost remember that you came to college to learn to prepare yourself for later work, and that the only way to do that is by study. However, don't be onesided. The Student Government Association offers an excellent program of extracurricular activities, and you should be able to find one activity that appeals to you.

Take part in only a few activities the first year, later, as you become better oriented, you will have time for additional ones.

And finally, remember that you are becoming part of a great University. Learn its history, its traditions, its songs and cheers, so that you can absorb to the utmost the great and glorious spirit of college life.

PRESIDENT'S MESSAGE

To students entering the University for the first time, and to returning students, a hearty welcome is extended.

To students coming back to the campus, to whom Freshman students naturally will turn for helpful advice, I ask your help in introducing the new students to the campus traditions, which mean much in University life.

To new and old students we would emphasize that administrative officers, faculty and staff, are all anxious to extend every possible assistance in meeting your problems. Feel free to call on any of us at any time.

With the splendid student body we now have, the enlarged physical facilities and the strengthened teaching staff, we look forward to the coming academic year with full confidence that it will be successful for the University as a whole and successful individually for all students who will earnestly strive to meet their daily responsibilities.

"M" BOOK MESSAGE

DEAR FRESHMEN:

A hearty and cordial welcome to you who are entering college embarking upon a new experience. I hope that your college years will be all that you have anticipated. In these tragic days in which we are living the world needs educated men and women as never before. Make the most of your opportunities—a college education is a privilege and one not to be regarded lightly. We need trained minds, clear thinkers, and well balanced individuals to help solve the problems arising in our ever changing world. After the holocaust in Europe is over, you, the youth of our country, are the ones to whom we must turn to help preserve our democracy.

ADELE H. STAMP, Dean of Women

GEARY EPPLEY

GREETINGS

Greetings to the Students of the University of Maryland! It is a pleasure to renew my fellowship with the returning students and to become associated with the students entering Maryland for the first time.

The problem of training yourself in this war torn world may be somewhat confusing, but it is no different from training in normal times. The fundamental principles of good citizenship are the same, but the necessity for these principles and the responsibility of citizenship is brought more vividly to our attention. Loyalty, faith, optimism, enthusiasm, perseverance, and consideration of one's fellowmen are characteristics our citizens and leaders must have if our nation is to endure. A student who leads a normal, healthy life, performs each duty to the best of his ability, and takes an active interest in the University, will develop the essential attributes of a good citizen and be an asset to his state and nation.

It will be a pleasure to have you call at my office at any time to discuss your personal affairs, or matters for the good of our University.

GEARY EPPLEY, Dean of Men

RALPH I. WILLIAMS

TO THE FROSH

To Members of the Class of '44:

It is a pleasure to welcome the class of '44, a class which should be more aware of the need for intelligent leadership and conscientious study than many classes which have preceded it.

We hope you will take advantage of every opportunity in class and extracurricular activity to equip yourselves for personal success and national usefullness.

Not only the staff of the offices of the Dean of Men and Dean of Women are anxious to help you with those special problems which may arise during your college career; but also every member of the University faculty and staff is eager to make your first year in college a step toward success.

NOW FROSH, IT STARTED WAY BACK IN 1807

We dropped by to see the Terrapin down in front of the Coliseum the other day . . . One thing led to another, and before long we found ourselves reminiscing—

"Yep," said the Terrapin, "It sure is swell to stop near the top of the ladder for a moment and look down over the ground we have covered. Things have sure changed. It all began with the Maryland College of Medicine... established in Baltimore in 1807... the fifth oldest medical school in the United States. (We notice a slight chest expansion)... Annapolis in 1812 authorized divinity, law, and arts and science additions... Med. college and the newbies as a group were christened the University of Maryland... For good measure they stuck in a dental school in 1840... the first in the world (enormous chest expansion)... a nursing school in 1889... and a school of pharmacy in 1841... the third oldest pharmacy college in the country (inhale)...

"The other equally honorable ancestor . . . the Maryland Agricultural College . . . was chartered in 1856 . . . the second agricultural college in the new world . . . (there went his vest buttons) . . . Uncle Sam, with his Land Grant Act, wrote out a check for the Ag. College, which was not yet entirely a state institution . . . Men, that Land Grant stuff is the reason for R.O.T.C. . . . 1914 is the milestone at which the state took over complete control of the Maryland Ag. College . . . Thinking that 'Agriculture College' sounded a little too 'cowish', they broke a champagne bottle over it and called it the Maryland State College in 1916 . . . guilding the lily . . .

"Realizing the possibilities of these two institutions, in 1920 the honorables at Annapolis thought the two ought to get together... result was a merging of the University of Maryland of the well known Lombard and Greene Streets site with the Maryland State College.

"P. S. they gave it the present name... the University of Maryland... At this time the ladies got a word in, and all branches of the U. of M. were made coeducational...

'39 brought about a need for campus guides... New buildings sprang up everywhere... And as 1940 unwinds itself, we pat ourselves on the back and say, 'more power to us, The Terp'.

RECENT EXPANSION PROGRAM

One morning we looked around, and the new buildings had sprung up like mushrooms . . . only these mushrooms were worth \$2,400,000. The funds came from a Public Works Administration grant, the State

Legislature, and private gifts. The physical plant of the University has been increased by thirty five percent by the program.

The first improvement was the enlargement of the University Infirmary. It will now accomodate fifty patients. The New Men's Dormitory Group, holding 400 students, is quite an imposing sight. The General Service Building across the Boulevard is another campus innovation. The University Dining Hall was enlarged to serve 1100 people at each meal. A forty room addition to the old Engineering Building houses the College of Arts and Sciences. The College of Home Economics was also given a new home, which is the structure in the rear of the Chemistry Building. Other buildings include a beautiful new Administration Building, and a Poultry Research Laboratory and Plant.

The beautiful old Rossborough Inn has been the most outstanding project of the recent improvement program. Built in 1798, the Rossborough Inn served as one of the stopping places on the main post road running from the South to Baltimore and the North. The Inn is used at the present as a joint museum and faculty-alumni center.

And in the future loom a new auditorium, a new football stadium, and a swimming pool. The University marches on . . .

STUDENT ACTIVITIES

John G. Reckord

TO THE FRESHMEN

As a representative of the upper classes, I wish to extend a friendly welcome to the Class of '44 and other students entering the University for the first time.

Do not judge too harshly the trials of registration or fear too much the upper classmen. If in trouble don't hesitate to ask one of us or a member of the faculty for assistance. We will be only too glad to help you.

After you have become oriented and more or less settled go out for some extracurricular activities. Don't be one who knows only his room, and the routes to his classes and meals. Get out and make yourself a part of the University.

Make your college days happy ones, and ones that will be firmly imprinted in your memories. Live them to the utmost.

Sincerely yours,

JOHN G. RECKORD

President, Student Government

FUNCTIONING OF THE STUDENT GOVERNMENT ASSOCIATION

The Student Government Association of the University of Maryland is divided into several independent organizations. The Executive Council, which is the supreme governing body, has power to establish student policy and retains final jurisdiction in all student governing questions. Campus regulations are formulated and enforced by the Men's League and Women's League respectively. A faculty committee known as the Student Life Committee supervises the work of all student governing groups.

The president of the Student Government Association, who holds the highest student political office on the campus, is elected by the student body in the spring. The president supervises the work of all four organizations and acts as an ex-officio member of each.

The vice-president of the S. G. A. acts as chairman of the Executive Council, thus enabling the president of the Association to act as a voting member and more adequately facilitate legislation.

Meetings of the organization, which are closed to the public, are held twice each month or more often at the discretion of the president.

All student activities under the Association are financed by an activities fee of ten dollars which is paid by the students upon entrance to the University. This fee is apportioned among the various organizations, so that admittance to all dramatic, debate, and operatic performances is free and all publications are distributed without charge to those who have paid the fee.

All women must sign out if they expect to be out after 7:30 p.m. Signing out for overnight permission must include the name and address and telephone number of the hostess. A "campus or overnight" slip (blue) must be signed if a woman leaves the campus planning to return before 10:15 p.m., or if she is planning to stay out overnight. If she plans to remain out after 10:15 she must sign out on a "late leave" slip (white).

"Signing in"—every woman must personally sign in on the corner of her slip upon returning to her residence.

Late privilege—permission to remain out of residence from 6:30 until 10:15 p.m.

Late leave—permission to remain out of residence until 12:45 a.m.

To carry—each class has an allotted number of late leave privileges. In certain cases, late leaves not used one month may be "carried" and used the next month.

To borrow—in certain cases, late leaves may be borrowed from the month in the immediate future.

II. Residence Meetings

Attendance at residence meetings, which will be called from time to time, is compulsory. The attendance shall be checked by the monitors. The head resident is the only one who has authority to excuse girls from attendance at residence meetings. Those failing to attend will be brought before the Council.

III. Residence leaves

Freshman and sophomore women must be in residences by 7:30 on week nights from October 1 to April 1, and by 8:00 p.m. during September, April, May, and June. All women must sign out if they expect to be out after these specified times. Late leave privileges are granted as follows:

Freshmen—1, can carry but not borrow, taking not more than 2 in one month.

Sophomores—2, can carry and borrow, taking not more than 4 in one month.

Juniors—3, can neither carry nor borrow.

Seniors—unlimited.

Juniors and Seniors must be in residences by 10:15 on week nights.

Freshmen may not go to the library in the evening without special permission from the head resident.

Juniors and Seniors having conditions or failures must be in residences by 7:30 on week nights from October 1 until April 1, with the following late leave exceptions:

Juniors—3, can neither carry nor borrow.

Seniors—4, can neither carry nor borrow.

All classes must be in residences by 10:15 Friday and Sunday nights, unless late leaves are being taken, or later campus functions attended, and by 12:45 on Saturday night.

There shall be one night each week when there may be no late leaves taken (the night to be determined by the individual residence). If on this specified night, it is necessary for a girl to spend the night away from her residence she must use a late leave, unless this night happens to be the night before or the night of a holiday.

All University functions may be attended without late leaves. A women student must be in her residence three-quarters of an hour after such functions as basket ball games, boxing matches, Footlight Club plays, Opera Club programs, club meetings, etc.

Swimming Club and Riding Club members must return to their residences by 10:15 p.m. from meetings held off the campus.

During examination week a girl may go home or she may stay out until 10:45 if she does not have an examination the next day. When all of her examinations are over she may go home or take late leaves which do not count against the number allotted to her.

Moving up day is May 1. From that day all Junior women who have a sufficient number of credit hours to be classed as Seniors (a minimum of 90 semester hours), and no conditions or failures, assume Senior privileges. All the other classes move-up accordingly.

"Signing out" and "in" must be done by the woman whose name appears on the slip. The only exception to this rule is the following: a woman student may telephone the head resident and ask that she be signed out. No woman may telephone to be signed out after 10:30 p.m.

All women having an engagement or planning to spend the night at home must leave their residence by 10:00 p.m. on week nights, and 10:30 on dance nights.

No woman is permitted to spend the night away from her residence without written permission from home. This permission need not be secured for spending the night at her own home or at her sorority house.

Women planning to go horseback riding during the year must have written permission from home.

All sorority presidents must notify the Office of the Dean of Women in advance as to date and time of pledge meetings, initiations, buffet suppers, teas, or any other sorority functions which continue after study hour begins.

IV. Dances

To each women's residence there is sent weekly an official list of approved dances with the hour and place noted. This list should be consulted and the scheduled time of closing noted before signing out.

In general, campus dances end at 12:30 on Friday night, and those who attend must be in their residences one-half hour after the scheduled closing of the dance. Women must return from dances held off campus one hour after the scheduled time for closing. The exception to this ruling is the Junior Prom from which women may return as late as two hours after the scheduled closing hour of the dance.

Dances held on Saturday night close at 12:00 and women must be in their residences by 12:45.

The following dances may be scheduled for the hours noted; women students must return one-half hour after the scheduled closing time:

No radios or musical instruments of any kind may be played during quiet hours. If this rule is not complied with, the musical instrument will be removed for an indefinite period. FRATERNITIES

CONCERNING FRATERNITIES

The aim and dream of many a freshman is to attain membership in a great collegiate fraternity. To many, this dream means luxury of living, a sense of superiority, a good time among "brothers," and a shining pin to show the home folks.

A fraternity or sorority should mean much more. It should mean closer companionship with other men or women with similar ideals who are pledged to raise the moral, educational, and social standards of the group.

In a few weeks many will have the opportunity to join one of these lodges. The opportunities for you to benefit from these affiliations are numerous, but please keep in mind:

That your decision will probably have more effect on your future life than any you have ever made in the past.

That you are not an outcast if you do not receive the bid you wish, or any bid—you may be too intelligent instead of too backward to interest that particular organization.

That many of the potentially fine men have been completely buried in their fraternities.

That men in other fraternities may be worth cultivating or keeping as intimate friends. Some of your best friends in the Freshmen Class will not be in your fraternity. Do not lose them.

That you are entitled to know the financial set up of any fraternity that rushes you.

That it is neither any credit to you nor to a fraternity to obligate yourself before the official pledge day.

And that your success or failure does not rely on whether you make a fraternity or not, but on the initiative and perseverance you show in either situation. Some men are actually made by fraternal affiliation; others submerged or ruined. Choose your course carefully, remembering that after pledge day your battle to prove your real worth is only starting.

THE FRATERNITY CRITERIA

(This article is printed by request of the Interfraternity Council.)

The National Interfraternity Conference was founded in 1909 for the purpose of discussing questions of mutual interest and to make such recommendations from time to time as it deems wise. It is composed of sixty-four national fraternities which meet strict qualifications for membership. Its annual conferences are attended by about three hundred and fifty officers and alumni of the various fraternities and about fifty deans of men and college presidents. It sponsors the National Undergraduate Interfraternity Conference, composed of delegates from the Interfraternity Councils on campuses all over the United States and Canada, which meets in conjunction with the Conference itself. It publishes a Year Book, the report of its annual meeting, in which much valuable information about college fraternity life is included.

In the fall of 1934, the Executive Committee of the Conference and the Educational Advisory Council reduced to writing the following criteria in order further to advance co-operation between fraternities and educational institutions. The statement was subsequently approved by the American Association of Deans and Advisers of Men and by the Conference itself. It reads as follows:

We consider the fraternity responsible for a positive contribution to the primary functions of the colleges and universities, and therefore under an obligation to encourage the most complete personal development of its members, intellectual, physical and social. Therefore, we declare:

- 1. That the objectives and activities of the fraternity should be in entire accord with the aims and purposes of the institutions at which it has chapters.
- 2. That the primary loyalty and responsibility of a student in his relations with his institution are to the institution, and that the association of any group of students as a chapter of a fraternity involves the definite responsibility of the group for the conduct of the individual.
- 3. That the fraternity should promote conduct consistent with good morals and good taste.
- 4. That the fraternity should create an atmosphere which will stimulate substantial intellectual progress and superior intellectual achievement.
- 5. That the fraternity should maintain sanitary, safe and wholesome physical conditions in the chapter house.

6. That the fraternity should inculcate principles of sound business practice both in chapter finances and in the business relations of its members.

These criteria should be applied in close co-operation with the administrative authorities of the institutions. Detailed methods of application will necessarily vary in accordance with local conditions. It is the purpose of the National Interfraternity Conference to offer detailed suggestions, after further study and investigation, regarding practical steps to make this co-operation effective.

SOCIAL FRATERNITIES

Interfraternity Council

Officers

President	Walter Spelsberg
Vice-President	Robert Ayres
Secretary-Treasurer	Robert Rice

The Interfraternity Council is composed of two representatives from each fraternity on the campus. Its purpose is to endeavor to create a mutual understanding and harmony among the various fraternal groups.

Certain social functions in which the fraternities participate are supervised by the organization. The Interfraternity Ball held each year is one of the social highlights of the year.

The Interfraternity Council sponsors interfraternity sports during the year. Tournaments are held in track, basketball, and softball and the winning fraternity is given an award.

PANHELLENIC RUSH RULES 1940-1941

- 1—The period of time from the arrival of new students in the fall until rushing begins shall be governed by the following rules termed "closed rushing":
 - (a) No new students shall be allowed in sorority houses.
 - (b) No sorority girl shall visit in new students' rooms or homes or entertain new students in their rooms or homes. This rule shall likewise apply during the rush season.
 - (c) No mention shall be made of sororities except as an impersonal answer to a direct question of a new student.
- 2—There shall be no rushing during the summer or previous to the rush season, the sixth week of school. A party consisting of not more than three people, sorority and non-sorority, shall be considered rushing. There shall be no rushing off campus (the campus consists of an area formed by the Girls' Field House, the Dairy, the Grill and the sorority houses). No rushees shall be "treated" outside of the sorority houses preceding and during rushing. There shall be no formal banquets, dances, or parties.
- 3—Rushing shall begin the sixth week of school with Open House teas at every sorority house. No special invitations are issued to these teas (the office of the Dean of Women issues a reminder to all non-sorority women), but all girls interested in joining a sorority are invited to attend these Open Houses from 4 to 7 p.m. At these Open Houses verbal invitations to 3 rush functions may be issued by each sorority. No overnight invitations may be issued at this time.
- 4—Beginning on Monday and continuing until a Preference Tea on the second Sunday each sorority will give verbal invitations to teas and dinners. The 15-15 rule shall be in effect at teas, and the 10-10 rule shall be in effect at all other functions except the Open House teas and the Preference Tea. The 15-15 rule is: When there are 15 rushees present at a rush function there may be an

- unlimited number of sorority members present, but if more than 15 rushees are present there may be only 15 sorority members. The 10-10 rule reads the same substituting 10 for 15.
- 5—Invitations for overnight may be issued any time after 8 a.m. Tuesday. Overnight invitations shall mean Friday dinner to Saturday lunch or Saturday dinner to Sunday lunch.
- 6—After a rushee has accepted a verbal invitation to a rush function, she shall be given a Panhellenic printed reminder card on which will appear the name of the sorority, the function and the date of the function.
- 7—Each sorority will give a Preference Tea on the second Sunday from 4 to 7 p.m. There is no limitation on sorority invitations to this function. Each rushee may accept two invitations. Each sorority shall present a list of invitations to the office of the Dean of Women by 9 a.m. on Friday. Notices to the rushees will be placed in their mail boxes by Friday afternoon. Rushees shall come to the office of the Dean of Women anytime Friday from 12 noon to 5:30 p.m. and Saturday from 8:30 a.m. to 12 noon and make their acceptances.
- 8—All rushees must be out of sorority houses by 7:30 p.m. on Monday through Thursday nights and 7 p.m. Sunday nights.
- 9—At 7 p.m. the second Sunday a silence period will go into effect which will last until 5 p.m. Tuesday. During the silence period conversations between sorority girls and rushees are limited to "Hello". A list of girls receiving bids must be in the Office of the Dean of Women by 9 a.m. Monday. Non-sorority women will be informed that they have received bids by a letter from the Office of the Dean of Women. These letters are put in the mail boxes by 9 a.m. Tuesday. Girls receiving a letter shall go to the Office of the Dean of Women any time between 9 a.m. and 4:30 p.m. Tuesday to sign individual preference cards. Signing a preference card is binding. Tuesday at 5 p.m. shall be the formal pledge hour, but no notice of girls receiving bids will be posted.
- 10—There shall be no alumnae present during rushing, and all rules are binding on sorority pledges as well as members.

These five religious organizations have become a part of the Maryland campus, and provide the students with the religious fellowship and leadership needed in a State University. Each club has been formed to unite a certain creed, but the organizations often hold common meetings and vesper services. Under their direction vesper services were held in Margaret Brent Hall on Sunday evenings during the school year.

RELIGIOUS LIFE

In establishing the University, the State endeavored to offer educational opportunities to all classes and not to any particular group.

Later, to help religious organization, a faculty committee was formed. The present group is composed of Dr. W. B. Kemp, chairman, Professor Geary Eppley, Dr. Charles White, Miss Grace Lee, Dr. Mark Woods and Professor George Quigley. Under the direction of this committee student religious activities are coordinated and aided to such a degree that it is hoped all students will find a church home.

WEARERS OF THE "M"

The goal of every man in the Freshman class is to win a black sweater displaying the golden "M" of Maryland. Each of the men listed below has attained this goal, some of them several times. Some have received their letters with less effort than others, but none without a great sacrifice of time and energy. It does not take much effort to go out on the field on a Saturday afternoon and receive the plaudits of the crowd, but the work for which the athlete is rewarded with the "M" is the result of long afternoons of practice and hard training. In the growing list of Varsity sports there is room for almost anyone who is willing to "put out" to gain the "M".

LEARN THE YELLS

SONGS AND YELLS

Under the leadership of Gene Howard, the head cheerleader, you freshmen will receive your first real taste of college life, when you are introduced to the Maryland songs and yells. This section contains the real spirit of the Old Line institution—so learn these songs, and yells, and when that black and gold team starts rolling . . . show that real Maryland spirit, and yell for all your worth.

The Class of '43, which will rule you '44'ers, was undoubtedly one of the most spirited groups in many years. Do your best to match their record, and show the upperclassmen that the Class of '44 is the hottest class that has ever hit the Maryland campus. Take it away '44.

Alma Mater

(By Bob Kinney, '41)
Hail, Alma Mater
Hail to thee Maryland—
Steadfast in loyalty
For thee we stand.
Love for the Black and Gold,
Deep in our hearts we hold,
Singing thy praise forever,
Throughout the land.

Victory Song

Down on the field they're fighting. Pride of the Black and Gold, Men, every one of them, Warriors of U. of M. Our honor they'll uphold. On toward the goal they're marching. It will not take them long, So, let's give a cheer, For the men we hold dear, And sing to them our Victory Song.

VICTORY SONG—Continued

Chorus

Maryland, we're all behind you;
Wave high the Black and Gold,
For there is nothing half so glorious
As to see our men victorious;
We've got the team boys,
We've got the steam, boys,
So keep on fighting, don't give in!
(Shout) M-A-R-Y-L-A-N-D!
(Sing) Maryland will win!

MARYLAND FIGHT SONG

by Ralph Davis

Well, hey then, fight on for Maryland.
Push up the score,
Raise up your colors high;
Never give in, boys; fight till you win, boys;
Make the Liner score roll by—
Make the Liner score roll by.

Fight, fight, fight (shout) for Maryland,
Honor her name again,
Push up the score for a win once more for Maryland.
Fight, fight, fight (shout) for Terrapin
Victory our standard then,
We'll give a cheer as they rise far and near to victory.

U. of M.

(Tune of Caisson Song)

U. of M., U. of M.
Keep the ball away from them,
Keep that pigskin a-rolling along!
Up the field, down the field,
Not an inch of ground we'll yield,
Keep that pigskin a-rolling along—
Then it's Whiff! Wham! Whack!!
Hear that Maryland quarterback
Shout out his signals loud and strong!
Where'er you go, you will always know
That the pigskin is rolling along,
(shout) Maryland! Maryland!
Keep that pigskin a-rolling along!

Sons of Maryland

(Tune, Sons of America)

Sons of the Gold Sons of the Black,

Fight, No spirit lack. Your Alma Mater Needs you today. To help win the fray.

Shoulder to shoulder, Back to back, We'll fight together For the Gold and Black. Fair Sons and Daughters

Of Maryland Upon you all vict'ries stand.

Chorus

Sons of Old Maryland, Old Maryland needs you! Stand by your colors, boys, And to them e'er be true! Fight for old Maryland, Old Liners! Stand. Defenders of the Black and Gold Throughout this land.

MY MARYLAND

The despot's heel is on thy shore, Maryland! My Maryland!

His torch is at thy temple door, Marvland! My Marvland!

Avenge the patriotic gore,
That flecked the streets of Baltimore,
And be the battle queen of yore

Maryland! My Maryland!
Thou wilt not cower in the dust

Maryland! My Maryland! Thy gleaming sword shall never rust Maryland! My Maryland!

Maryland! My Maryland! Remember Carroll's sacred trust, Remember Howard's war-like thrust, And all the slumb'rers with the just,

Maryland! My Maryland!

ALMA MATER

(Maryland! My Maryland!)

The sons and daughters throng thy door,
Maryland! My Maryland!
Their hearts and hopes they bring to thee,
Maryland! Oh Maryland!
And place them in thy custody,
Proud hearts that pledge their love for thee:—
They come from mountain, farm and shore
Maryland University!

Go forth, brave youth, throughout the state:
 Maryland! My Maryland!
And your actions, show her great:
 Maryland! Our Maryland!
Thy Alma Mater's name and fame,
Oh keep alive her holy flame,
Until all hearts as one exclaim,
 Maryland! My Maryland!

Cheer, three times cheer, and one cheer more For Maryland! Dear Maryland!
Send forth that cry from hill to shore:—
Maryland University!
Fair Mother of our brighest dreams,
Blest giver of life's precious things.
To thee each heart its service brings:—
